#### "INCLUSION" FINAL PERFORMANCE

We are pleased to inform you that the final performance based on "**Nonno Tommaso**" by **Štěpán Zavřel** took place on March 11, 2019 at Lypky Theatre in Kyiv. This performance is a final product of the sociocultural Inclusion Project, a unique creative initiative for social and psychological rehabilitation of children having experienced trauma. The Project was implemented in three cycles, each lasting nine months and ending with a special artistic performance. All of the performances are based on the books and drawings of Czech author and illustrator of children's books Štěpán Zavřel.

Performance Director, Iana Gudzenko, worked with the children from the “Our Kids” Center, who are the main characters in the show. It was a long and scrupulous work of a team of professionals which consisted of a director, psychologist, music and choir teacher, artists and designers, and repercussion instrument conductor.

The performance was also accompanied by special exhibition of Štěpán Zavřel’s illustrations.

THE “INCLUSION” PROJECT WAS MADE SUCCESSFUL DUE TO THE GENEROUS SUPPORT OF OUR SPONSORS:
